

Classic Texture

FEATURES & BENEFITS

DESCRIPTION

The Sundeek Classic Texture is the decorative concrete application that helped launch an industry. If you've ever walked across a textured pool deck in your lifetime and it was comfortable and safe, the chances are great that it was Sundeek. Our Classic Texture can be combined with Custom Scoreline, Masonry Effects, Aggregate Effects, and other systems to enhance your project.

Classic Texture is an acrylic-based spray texture system that is sprayed onto the surface then "knocked" down with a trowel's edge.

FEATURES & BENEFITS

- Slip-resistant coatings ensure a safe environment
- Cooler to the touch than most concrete surfaces
- The non-porous acrylic finish coat reduces time and money spent on maintenance
- Unlimited designs and colors to fit your style
- One of the most economical & durable decorative concrete coatings available
- A guarantee on the installation provided by Sundeek Contractors
