

# SunSplash

The Economical, Textured Concrete  
Coating Solution

# SunSplash

SunSplash is the economical decorative spray textured coating applied to existing vertical or horizontal walking surfaces.

SunSplash provides protection against weather, salts, and environmental pollutants resulting in a maintenance-friendly coating solution.

**SUNDEK** Effects such as Custom Scoreline, Aggregate Effects, and Masonry Effects can be added to further enhance a project's appeal. It's texture and acrylic properties provide a skid resistant surface ideal for high-traffic areas such as:

- Walkways
- Pool Decks
- Balconies
- Patios
- Retaining Walls
- Curbing
