

SunStone

SunStone is the ultimate architectural and concrete coating. A product so unique, it can be applied over a wide array of surfaces: concrete, brick, walls, foam, sheet rock, cinder block, hardiboard, stucco, pre-cast moldings, and much more... transforming ordinary surfaces into something exquisite!

Now you can enjoy the look and feel of real quarried stone without the cost or weight of real stone!

- Pool Decks
- Patios
- Walkways
- Driveways
- Horizontal & Vertical
- Interiors & Exteriors
- Residential & Commercial

SunStone

Architectural Limestone Coating
"The limestone coating that looks and feels like real stone!"

SunStone uses the concepts of the restoration of old European buildings and incorporates today's technology to provide a unique and durable surface that is only limited by your imagination.

SunStone provides a slip resistant surface while at the same time offering a comfortable, safe environment so the only thing you'll need to worry about is sunscreen!

SunStone is the natural limestone decorative concrete overlay that can be used on horizontal and vertical concrete surfaces.

SunStone will provide a decorative concrete finish that will completely transform an area and create a space you will enjoy playing, entertaining and living on for years to come.

Every project is custom-crafted, hand-carved and designed for you.
